BACKGROUND

During my high school tenure, I attended both Salem High School and the Advanced Technology Center.

At the Advanced Technology Center, I took Network Administration and Cybersecurity I, Network Administration and Cybersecurity II, and Advanced Web Design.

At Salem High School, I took numerous AP related courseware. One highly important course, AP Computer Science A, is where I learned the fundamentals of Java.

I am currently working towards an Associate of Applied Science in Cybersecurity at Tidewater Community College.

EDUCATION

Salem High School
06/2018 – 06/2022
